

## TECHNICAL BULLETIN 8.2

### GUARANTEE AND LIABILITY Avery Dennison® products

issued: 10/2015

#### 1. Handling and storage

##### The following basic rules must be observed when storing self-adhesive materials:

- Self-adhesive papers in sheets can be stored like normal printing paper.
- Take care to ensure that self-adhesive materials are always stored in optimum conditions, i.e. an ambient temperature of approx.  $20 \pm 2^{\circ}\text{C}$  and a relative humidity of  $55 \pm 5\%$ .
- High temperatures may cause egress of adhesive.
- Extreme changes in humidity can trigger different reactions in the component elements of the self-adhesive product, e.g. loss of flatness of the laminate, or creases in the paper print carrier.
- Self-adhesive products should be protected against direct sunlight and heat. Rotate stocks in such a way that the oldest ones are always used first.

#### 2. Guarantee and liability

The specifications given in this overview are based on existing findings and empirical values. It is the user's own responsibility to check, prior to use, whether the product is in fact suitable for the intended application, with particular reference to any influential factors peculiar to the application for which the product is to be used.

All matters relating to our guarantee and liability in respect of these products, including the period of guarantee, are covered by our currently valid General Conditions of Sale insofar as these conditions do not contravene any overriding legal requirements. We reserve the right at all times to make technical changes and improvements without prior notice.

#### DISCLAIMER

All Avery Dennison statements, technical information and recommendations are based on tests believed to be reliable but do not constitute a guarantee or warranty. All Avery Dennison products are sold with the understanding that purchaser has independently determined the suitability of such products for its purposes.

All Avery Dennison's products are sold subject to Avery Dennison's general terms and conditions of sale, see <http://terms.europe.averydennison.com>
